

## ノルマルブチルリチウム

(シクロヘキサン溶液)

### n-Butyl lithium cyclohexane

CAS No. 109-72-8

Formula : n-C<sub>4</sub>H<sub>9</sub>Li

Appearance : Clear , colorless to yellow solution

Specifications :

	15%solution	20%solution	25%solution
n-Butyl lithium	<b>15±0.2</b>	<b>20±0.2</b>	<b>25±0.2</b>
Alkaline impurity	<b>≤0.4</b>	<b>≤0.4</b>	<b>≤0.4</b>
Active lithium	<b>≥98.0</b>	<b>≥98.0</b>	<b>≥98.0</b>

Use : Organic catalyst

Packing : 5-10000L/tank , or according to the user.

Transportation : mail , air transport Prohibition

Shipping            4.2 , UN#.2445

Land carriage    4.2 , UN#.2445

Note : Easily to catch fire when exposing , produces flammable gas and corrosive dust. Far away from water , air , oxidized material , heat and spark , prevents reservoir damage or divulging.
